Re: King/Beauregard Intersection Improvements
VDOT Project No. 0007-100-F04

Dear Sir/Madam:

The City of Alexandria Department of Transportation and Environmental Services (T&ES) is working on an intersection improvement project at the intersection of King Street at Beauregard Street and Walter Reed Drive. The project consists of constructing an additional left turn lane in both directions on King Street, a ten foot wide multi-use path on both sides along King Street (between Walter Reed Drive and 28th Street) and Beauregard Street and a median on King Street and Beauregard Street.

We are holding a public meeting on Wednesday, November 18, 2009, at Minnie Howard Ninth Grade Center, 3801 West Braddock Road, Alexandria, Virginia from 6 pm to 8 pm. A brief presentation will begin at 6:30 pm. The 60% design plans and the environmental document will be on display for your review and comment.

Please share the information about this meeting with your organization. If you have any questions, please contact me at (703) 746-4053 or lisa.jaatinen@alexandriava.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Lisa T. Jaatinen", is written over a horizontal line.

Lisa T. Jaatinen, P.E.
Civil Engineer IV
